Announcing New Director of Sales for MMS East Division

PELHAM, NEW YORK—February 15, 2007. MMS – A Medical Supply Company announced the promotion of Moshe Horowitz. Moshe has been promoted to the Director of Sales for the East Division of MMS, a new position. Since the East division was acquired by MMS in early 2006, the Sales Management needs have expanded as the businesses integrate. This position will be responsible for both the Hospital and Extended Care Sales teams. The MMS East Division’s area of distribution is primarily the greater New York/New Jersey/Connecticut geography, although it has significant nursing home and home care business outside this area.

In addition to supporting the Field Sales Representatives, Moshe will be working closely with manufacturers and suppliers to develop partnerships in key categories. He will also be the lead in developing sales programs and evaluating new product opportunities for all of MMS East Division’s Customers.

Moshe was promoted from the position of Extended Care Sales Manager which he has held for the last five years. While running the Extended Care sales, he has grown the Customer base and sales volume significantly. Moshe
